

# GAF Tapered DesignGroup

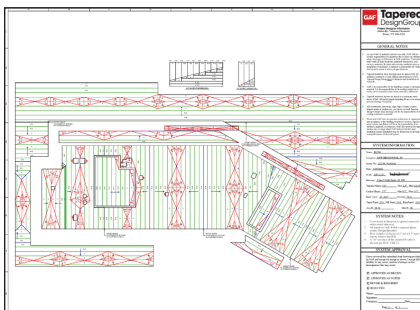

Collaboration. Solution Driven. Seasoned Design Expertise.

## Tapered Design Team

At GAF, the Tapered Design Team strives to partner with you to provide exceptional service regardless of the job size or scope. Whether you need ideas on layout strategies, solutions to challenging field conditions or suggestions for labor and material savings our team of experts is here to help.

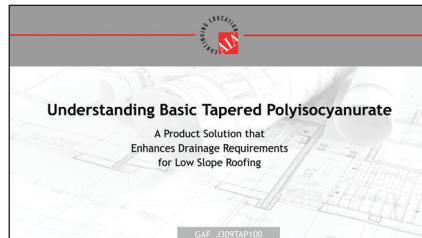

We strive to work with you, to provide practical solutions at all phases of your project, from conceptual design and material selection to shipment breakouts and order management. It's all part of the promise to build a better GAF Commercial.
