

# PVC Molded Accessories

## EverGuard® PVC GAF Conical Pipe Boot

### Description:

Increase efficiency when flashing vents and pipes with factory-built EverGuard® PVC Conical Pipe Boots. These single-ply roofing system molded accessories provide roofing contractors with an effective, easy-to-install detail. GAF manufactures these and other molded accessories using a proprietary PVC KEE formulation designed for use with GAF EverGuard® PVC and EverGuard® PVC XK single-ply membranes. GAF PVC accessories can help you reduce installation costs, risk of leaks, and callbacks, while helping you create a uniform look.

### Application:

Molded accessories may be installed on mechanically attached, adhered, or induction welded EverGuard® PVC and EverGuard PVC XK roofing systems, using conventional techniques. See published application and specifications manual for detailed instructions.

### Product Information:

EverGuard® PVC Conical Pipe Boots are molded from a proprietary PVC KEE formulation engineered to work with EverGuard® PVC and EverGuard® PVC XK single-ply membranes. Conical Pipe Boots are manufactured with a nominal thickness of 55-mil, and they allow for fast flashing of vents and pipes between 1 and 6 inches in diameter. Stainless steel clamping rings are included.
