

## EverGuard® PVC GAF InsideCorner

### Description:

Increase efficiency when covering inside corners with factory-built EverGuard® PVC Inside Corners. These single-ply roofing system molded accessories provide roofing contractors with an effective, easy-to-install detail. GAF manufactures these and other molded accessories using a proprietary PVC KEE formulation designed for use with GAF EverGuard® PVC and EverGuard® PVC XK single-ply membranes. GAF PVC accessories can help you reduce installation costs, risk of leaks, and callbacks, while helping you create a uniform look.

### Application:

Molded accessories may be installed on mechanically attached, fully adhered, or induction welded EverGuard® PVC and EverGuard® PVC XK roofing systems, using conventional techniques. See published application and specifications manual for detailed instructions.

### Product Information:

EverGuard® PVC Inside Corners are molded from a proprietary PVC KEE formulation engineered to work with EverGuard® PVC and EverGuard® PVC XK single ply membranes. Inside Corners are manufactured with a nominal thickness of 55-mil, and they allow for ease of welding in inside corners of base and curb flashings.

#### Specifications

Corner Dimensions	6" x 6" x 5.25" (152 mm x 152 mm x 133.35 mm)
Membrane Thickness	.055" (1.40 mm)

#### Shipping Specifications

Patches per carton	20
Weight per carton	3.5 lb. (1.59 kg)
Cartons per pallet	200

#### Shipping

White	87H2920GA
