

EverGuard® PVC SplitPipeBoot

Description:

The preformed EverGuard® PVC Split Pipe Boot provides roofing contractors an easy-to-install factory-built detail constructed from proven, durable GAF EverGuard® PVC KEE single-ply reinforced membrane.

- Helps reduce installation labor
- Factory-built accessories can help reduce risk of leaks and callbacks
- Uniform look

Application:

EverGuard® PVC preformed accessories are designed for use with GAF EverGuard® PVC, PVC XK (KEE), and PVC KEE single-ply membranes. The preformed accessories may be installed on mechanically attached, or adhered EverGuard® PVC, PVC XK (KEE), and PVC KEE roofing systems. EverGuard® accessories are installed using conventional techniques. See published application and specifications manual for detailed instructions.

Product Information:

EverGuard® PVC Split Pipe Boots are constructed from EverGuard® PVC KEE reinforced membrane. Since they are split, they can be wrapped around pipes and conduits where closed boots cannot be used.

- Available in three standard sizes
- Custom sizes also available — contact your local representative for details.

Also Available:

- Fluted Corner
- Inside Corner
- Preformed Vent Boot
- Universal Corner
- Vent
