

PVC Molded Accessories

EverGuard® PVC GAF UniversalCorner

Description:

Increase efficiency when covering corners with factory-built EverGuard® PVC Universal Corners. These single-ply roofing system molded accessories provide roofing contractors with an effective, easy-to-install detail. GAF manufactures these and other molded accessories using a proprietary formulation designed for use with GAF EverGuard® PVC and Everguard® PVC XK single-ply membranes. GAF PVC accessories can help you reduce installation costs, risk of leaks, and callbacks while helping you create a uniform look.

Application:

Molded accessories may be installed on mechanically attached, induction welded, or adhered EverGuard® PVC or Everguard® PVC XK roofing systems using conventional techniques. Simply cut the standard size at markings to produce either inside or outside corner reinforcements. See published application and specifications manual for detailed instructions.

Product Information:

EverGuard® PVC Universal Corners accommodate inside and outside corners of base and curb flashings. Universal Corners are manufactured with a thickness of 70-mil.
