

EverGuard® and EverGuard® Extreme TPO GAF Fluted Corner

Description:

Increase efficiency when covering outside corners with factory-built EverGuard® and EverGuard® Extreme TPO Fluted Corners. These single-ply roofing system molded accessories provide roofing contractors with an effective, easy-to-install detail. GAF manufactures these and other molded accessories using a proprietary formulation designed for use with GAF EverGuard® and EverGuard® Extreme TPO single-ply membranes. GAF TPO accessories can help you reduce installation costs, risk of leaks, and callbacks, while helping you create a uniform look.

Application:

Molded accessories may be installed on mechanically attached, fully adhered or, self-adhered EverGuard® and EverGuard® Extreme TPO roofing systems, using conventional techniques. See published application and specifications manual for detailed instructions.

Product Information:

EverGuard® and EverGuard® Extreme TPO Fluted Corners are molded from a proprietary TPO formulation engineered to work with EverGuard® and EverGuard® Extreme TPO single-ply membranes. Fluted Corners are manufactured with a nominal thickness of 50 mils, and they allow for ease of welding in tight areas, as well as flashing of non-uniform corners.
