

# Perimeter Edge Metal

## Description:

M-Weld™ Pro Fascia and M-Weld™ Pro Extended Fascia are two-piece snap-on fascia systems that provide protection against tough weather conditions. The unique design of the extruded aluminum bar with pre-punched holes securely terminates asphaltic membranes—providing superior protection versus formed shop-fabricated bars. It can also increase contractor productivity with its ease of installation.

## Features and Benefits:

- Fast and easy installation, eliminating the need for “stripping in” that is typical of other roof edge designs.
- Sizes range from 5 1/2" – 13" (140 mm – 330 mm) face heights to accommodate multiple nailers and wall requirements.
- M-Weld™ Pro Standard Fascia can be manufactured in 22 ga. and 24 ga. galvanized steel or .040" aluminum.

- M-Weld™ Pro Extended Fascia covers can be manufactured in 22 ga. galvanized steel or .040, .050 aluminum.
- Factory-fabricated miters, scuppers, and drainage accessories provide a clean, aesthetically pleasing appearance, and can help save time by eliminating the need for field fabrication.
- Express, standard, and premium colors and finishes are available to meet your job requirements and include a 30-year limited Kynar 500® finish warranty on coil-coated standard colors. For warranty details, please visit [gaf.com](http://gaf.com).
- Custom colors are also available. A 10-year limited warranty is included for post-painted Kynar®-coated aluminum applications unless otherwise stated. A 20-year limited warranty may be available upon request for certain colors.\*

\*Restrictions apply; consult your GAF Territory Manager for more information.

## Codes/Testing Compliance:

- Tested in accordance with ANSI/SPRI/FM 4435/ES-1 Standard to comply with the International Building Code.
- FM-approved for wind uplift protection. Refer to [RoofNav.com](http://RoofNav.com) for actual assemblies.

## 10 Express Colors<sup>1</sup>

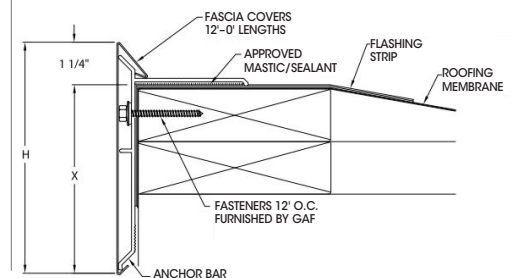

Express Colors are available for quick shipping to meet your job requirements.<sup>2</sup>

For standard and premium colors, please refer to the GAF color chart, available at [gaf.com/perimeteredgemetal](http://gaf.com/perimeteredgemetal). Custom colors are also available.

<sup>1</sup> Express Colors available in shorter lead times for 24 ga., .040", and .050" only. Standard lead times, which may be longer, apply for 22 ga.

<sup>2</sup> It is difficult to reproduce the color clarity of these products. Before selecting your color, please contact your local GAF territory manager to request a paint chip for accurate color representation.
